Parkinson's and Movement Disorders: Latest in Science

14th - 15th March 2015

Venue

USI Auditorium

Rao Tula Ram Marg, New Delhi

Invitation

Dear colleagues and friends,

It gives us immense pleasure to announce that we are organizing Indo-Euro Park Summit: 2015 in March 2015 in New Delhi, India, where opinion leaders in the field of Parkinson's Disease and Movement Disorders will deliberate on current topics in Parkinson's disease and movement disorders. This will also give an opportunity for young neurologist to show case their work and discuss their research projects with leaders in the field. As research in the area of Parkinson's disease and movement disorders is progressing at an exponential rate, it is very important keep abreast with all the new advances, so as to be able to deliver the best to our patients.

We invite you to this event co-organized by WFN, AIIMS and BIN (Bangur Institute of Neurology, Kolkata) Professors KR Chaudhuri, KB Bhattacharya and myself are working hard toward making this a very fruitful and interactive event. There will be a forum for young Neurologist, in which if interested you could present your research. Please let me know in advance if you wish to do so. We will also have two video sessions. You could show your video as a teaching/ interesting case or as a quiz, in which case you may decide to keep back some crucial finding, so that we can have interesting discussion.

We would appreciate if you could participate in this program and bring along your students and fellows.

As you know month of March is synonymous with BasantRitu (Spring), the weather in Delhi will be very pleasant. If you wish you could combine it with a holiday to Jaipur, and Agra

We look forward to your active participation in the summit.

Thanking you

Sincerely,

Prof. Madhuri Behari
AIIMS, New Delhi

Prof. K.B. Bhattacharya
BIN, Kolkata

Prof. KR Chaudhuri
King's College, London

PS. We would appreciate if you could encourage your students/ fellows/colleagues to participate in the summit. We will shortly post the summit brochure and registration form

Programme

Day 1: 14th March 2015

- 8.00-8.30 am : **Welcome & Introduction**
