

Dear Dr Misra/ Dr Kharbanda

I had come to you with the reference of Dr Rakesh Sharma on 22nd December 2014 for the full mouth implants treatment for me and my wife. After treatment from few doctors in AIIMS you referred the case to Dr. Kirti in respective department.

During my numbers of visits I never felt that Dr Kirti is very busy to consult or speak to her patients. Later I also learned that she likes to accept challenges during the treatment. I would also like to say that her attitude was always positive, upbeat and comforting to all patients. She is very caring and concerned to the patient which is a gift by a doctor for the patients. Since she has patience and skilled hand and ability to see all treatment there is no way

I can ever thank her for being such an awesome doctor in AIIMS. I am extremely lucky to be taken care of by Dr Kirti.

I just wanted to thank Dr Kirti for the contribution towards fully successful treatment of my implants, which was beyond my imagination and refusal by some doctors.

I would also like to really thank Dr Priya, who was equally supportive, precise and cooperative in her treatment. Dr Priya also treats her patients with equal care as Dr Kirti.

Thanks Dr Kirti for phenomenal work you did and now it is as good as real set of teeth. I really appreciate that you being a wonderful doctor.

Regards
