I am writing this letter to extend my gratitude, high respect and appreciation on the action taken by your good Institute for treatment of patients belonging to my parliamentary constituency Tezpur, Assam. I am very grateful for immediate response and medical care to patients on my requests for treatment in AIIMS, New Delhi.

I may specially thank you for your untiring efforts in rendering treatment to Master Yubraj Karki, suffering from hemophilia and gangrene involving huge expenditure, born by your esteemed Institute.

I will always pray to God for good health and happiness of yours and members of your family and the doctors and members of staff of your Institute.

I am looking forward ^{for} your cooperation and kind medical support in days to come.

With best wishes,

Yours sincerely,

R. Sarmah
