NAGAR, NEW DELHI - 110029

NO. F.79/COVID-19/2020-Estt.(H.)

Dated: 08.04.2020

Subject: Issue of outstation residence certificate to patients and possible misuse for non necessary commutation using private ambulances.

It has been brought to my notice that few doctors (faculty/ residents) have given outstation residence certificate to their patients with a view to help them to overcome problem of inter-state commutation to avail hospital services. However, some people have been misusing such well intentioned certificate for non necessary commutation using private ambulances.

Accordingly Chief(s) of all Centres and Head(s) of all Departments are requested to advise all faculty & residents that such an outstation residence certificate may be issued only to such patients who are being discharged from the hospital to help them reach their home or in exceptional exigency situations in some specific case only by the treating faculty mentioning a particular date 'Date for which it is valid'. In general, all outstation patients on follow up treatment may be encouraged to seek requisite consultation & advice by Tele consultation facility and in a possible emergency situation, they may be advised to consult nearest healthcare facility.

Compliance of above advice/ instructions may kindly be ensured.

This issues with approval of Director AIIMS.

(DR. D.K. SHARMA)
MEDICAL SUPERINTENDENT
