

ALL INDIA INSTITUTE OF MEDICAL SCIENCES, NEW DELHI
OFFICE OF DIRECTOR

F. No. 40-30/2022-Estt.I

25-04-2023

OFFICE MEMORANDUM

Sub: Radiological Services at CRHSP Ballabgarh reg.

Comprehensive Rural Health Services Project (CRHSP), Ballabgarh is the face of AIIMS New Delhi's primary care outreach in the community and is the pride of AIIMS.

The undersigned has noted that radiological services at CRHSP Ballabgarh need to be enhanced to ensure 24x7 provisioning of x-ray & ultrasound services therein.

Accordingly, it is desired that a Senior Resident of Dept. of Radiodiagnosis be posted at CRHSP Ballabgarh on a regular basis. Also, Dept. of Radiodiagnosis should evaluate the existing radio-diagnostic equipment and services being provided at CRHSP Ballabgarh and plan for their upgradation in terms of equipment, human resources, etc. as per need so as to ensure optimal services commensurate to the patient profile.

To ensure 24x7 coverage for radio-diagnostic services, integration of radiology services therein with the new RIS PACS VNA system and teleradiology services may also be explored.

Action: Prof. & Dept. of Community Medicine; Head, Dept. of Radiodiagnosis
