Sub: Proprietary certificate for LASI study

Dear Sir/Madam,

We are the only company who is working for the LASI project (under Department of Geriatric Medicine, AIIMS) from last 2 years. In this we are collecting the sample of Geriatric from rural areas of Odisha, Telangana, West Bengal, Madhya Pradesh, Jharkhand, Gujarat, Tirupati, Assam, Kashmir from the villages which is 100 to 400 Km from these cities and bringing the sample with icepack and temperature logger to the main cities and then centrifuging the sample and from that location bringing the 2 type of sample one in Dry ice with temperature logger and other with gel pack with different temperature logger to Delhi Lab within 24hr of sample collection. Then processing the sample and again send the serum, plasma, buffy coat with a special Barcode which can be preserve in -80 degree and DBS card with blood sample which can be stored in -80 degree. We are doing this for Department of Geriatric Medicine AIIMS from last 2 years
