COUNTERSIGNATURE
(Head of the Department)

I certify that the item at Sr. No. 1 above is required to be procured on single tender basis as the source of supply is definitely known/the specified brand proposed was advantageous in meeting our functional requirements and limited tender system could be dispensed with as they would serve no useful purpose in this particular case.

(Strike out whichever is not applicable)

Subject: Statement Regarding Q-Plex Human Micronutrient v2 (7-Plex) Kit Pricing in India

To Whom It May Concern,

Quansys Biosciences Inc. wishes to clarify that over the past one (1) year, we have not entered into any agreements or transactions with any government or private organization in India where the pricing for the Q-Plex Human Micronutrient v2 (7-Plex) kit was lower than the price offered to All India Institute of Medical Sciences (AIIMS), New Delhi.

Our pricing structure is designed to ensure fairness and consistency across all our engagements. AIIMS, New Delhi, is a valued partner, and we remain committed to providing them with competitive and equitable pricing. This commitment extends to all our customers, and we want to assure you that our dedication to maintaining a level playing field is unwavering.

Regards,

Subject: Notice of Proprietary Technology – Q-Plex Human Micronutrient v2 (7-Plex)

To Whom it may concern,

Quansys Biosciences is proud to be the exclusive proprietor of Q-Plex Technology, an innovative solution originated and developed by our team, utilized in the development and manufacturing of the Q-Plex Human Micronutrient v2 (7-Plex). This multiplexed ELISA, along with its accompanying equipment and software, are the result of extensive research, development, and expertise within our organization.

Quansys Biosciences is the sole proprietor of this groundbreaking technology. The proprietary nature of our Q-Plex technology sets it apart from other offerings in the market. This exclusivity not only ensures the uniqueness and quality of our product but also signifies the dedication and commitment we have invested in advancing scientific solutions.

Best regards,

Adam Brown
